## #KNOWTHESIGNS

A combination of signs may help to identify  
human trafficking and exploitation:

- May be easily startled, agitated or afraid
- Unsure of where they are and lack official ID
- Unable to explain injuries or possessions
- Look unkempt or malnourished
- Have unexplained hotel use
- Accompanied by a suspicious companion
- Children can be dressed up to look older than they are
- Secretive about who they're meeting, talking to or what they're doing online
