to end

modern slavery

unseen's vision
is a world without

slavery

We work with businesses and communities so that we can live in a world free from abuse and exploitation.

Over 130,000 people in the UK are trapped in modern slavery*, including forced labour, sexual exploitation, criminal exploitation and domestic servitude.

We cannot tackle this issue alone. Only by working with partners like you can we eradicate slavery.

*House of Lords (2021) Modern Slavery Act 2015:
An independent review of the act

be part of the change

By partnering with us, you can:

- **Support survivors** of exploitation to recover from trauma and rebuild their lives
- **Help us** to keep our Modern Slavery & Exploitation Helpline running so that potential victims can continue to contact us for help
- **Enable us** to address the root causes of slavery and work to enable a more just system through improving policies and practices.

"We believe working closely with Unseen, collecting our resources and expertise, can only impact and make a difference in a meaningful way of the lives of those affected. With fundraising from individuals in the business, we know we have the potential to create change and contributions to building a better world, respecting human rights, and addressing modern slavery."
